Myringotomy Blades

MicroEdge™ Myringotomy Blades:

These hollow-ground blades produce the thinnest edge possible, for unsurpassed sharpness. Five blade designs are available to meet your needs and preferences. Blades are available in two versions to fit reusable handle styles—Collet-style or adapter-style and commonly used flat blade handles

All * marked blades are for use with the Collet-Style Handle (BL-0425).

All ** marked blades are for use with the Adapter-Style Handle (BL-1425).
